4 1 2. PROCEEDINGS 3 4 DIRECTOR ANTHONY: Good afternoon, 5 everyone. I would like to call the Franklin County 6 Board of Elections meeting to order. I will do the 7 roll call. 8 Kimberly Marinello. BOARD MEMBER MARINELLO: Here. 9 10 DIRECTOR ANTHONY: Greg Haas. 11 BOARD MEMBER HAAS: Here. 12 DIRECTOR ANTHONY: Douglas Preisse. 13 CHAIRMAN PREISSE: Here. 14 DIRECTOR ANTHONY: Bradley Sinnott. BOARD MEMBER SINNOTT: Here. 15 16 DIRECTOR ANTHONY: Mr. Chair, we do have 17 a full contingency of all four Board members present. 18 The first item on the agenda would be the approval of the minutes from the August 4th and 19 20 August 18th meetings. 21 BOARD MEMBER HAAS: I move that the Board 2.2. approve the minutes of the August 4th and the 2.3 August 18th meetings of the Franklin County Board of

Elections as submitted.

24

```
1
                  BOARD MEMBER MARINELLO: Second.
                  DIRECTOR ANTHONY: All those in favor?
 3
                  (All ayes heard.)
                  DIRECTOR ANTHONY: Opposed?
 5
                  (No response.)
 6
                  DIRECTOR ANTHONY: That motion carries.
 7
      And what I am doing is sending this around to you
 8
      guys to be passed out.
                  The next item I would like to talk about
 9
      is the observer issue. We had talked at the last
10
11
      meeting, we had a lot of conversation about it, and
12
      you guys had instructed Dana and I to kind of follow
13
      up on some information on there, and we both did, and
      what I found out was that the two officeholders or
14
15
      candidates, I guess one officeholder, Dr. Janet
      Gorniak, and Judicial Candidate Terri Jamison both
16
17
      told me that they had no knowledge that their
18
      signatures were placed on observer requests for the
      October 1st or 2nd.
19
                  DEPUTY DIRECTOR WALCH:
20
21
      October 1st to October 25th.
2.2
                  DIRECTOR ANTHONY: Yeah, submission that
2.3
      they submitted to our -- the observer -- I mean
24
      observer selection, that information was given to us,
```

so they had no knowledge that their signatures were on that form.

2.2

2.3

DEPUTY DIRECTOR WALCH: And I had the same type of conversation with County Engineer Dean Ringle and former Recorder Daphne Hawk, who reported the same to me, that they had signed the original set of observers which were placed here at the Early Vote Center when this was the Early Vote Center but no subsequent forms after that.

BOARD MEMBER SINNOTT: Was the fifth signature Mike Herrell's?

DIRECTOR ANTHONY: Yes, it was.

DEPUTY DIRECTOR WALCH: Yes. I did not make contact with Mike Herrell. There, at one point, were six candidates on the list. There was also a third party candidate that we did not hear from either, but we did hear from four of the six signatures that were on there that did tell us they did not sign the second set of forms that were submitted to this office.

And I'll just reiterate, the second set of observer appointments for Election Day were not placed by the Board because the candidates had withdrawn their support to the effort.

CHAIRMAN PREISSE: Say that again. The second set of --

2.2

DEPUTY DIRECTOR WALCH: The set that was submitted to us in 2012 for placement of observers on Election Day by this group were not placed on Election Day. We communicated out to the polling location that observers were not to be placed on Election Day.

We did keep the original set for the Vote
Center as was the advice of counsel at that time that
there was no provision in state law to retract,
redact, whatever the right word is, a set of
observers after they were duly appointed, and they
were duly appointed on the first go about for the
Early Vote Center before each of the candidates
withdrew their support of the effort.

CHAIRMAN PREISSE: Okay. Well, good work by the two of you for following up on that.

BOARD MEMBER SINNOTT: Well, I think we ought to share this information with the county prosecutor.

BOARD MEMBER HAAS: I'd like to make a motion that we do pass this over to the prosecutor to look at. I think, you know, that, you know, the

scope, you know, of this is, obviously I don't know to what degree we can talk about that here other than this; however, anecdotally, as some of the candidates on both sides of the aisle pulled their names off, the individual circulating this and requesting the signatures had identified herself with the Board of Elections or with another organization.

2.2

And I think that, you know, if there's —
there's one aspect that needs to be looked at here,
obviously, which is the use of the signatures, but,
you know, we clearly have, you know, somebody who, at
a minimum, abused names of people who didn't want to
be included, but while we are careful in how we
police voters and voter behavior, we need to be
careful about how we police people who are
representing or apparently representing different
organizations and things that take place within the
voting process.

So, you know, I would just throw in that I'd like and hope to see a fairly wide scope on this but certainly, you know, I'd like to move that we turn this over to the prosecutor.

BOARD MEMBER MARINELLO: I'll second that.

```
1
                  DIRECTOR ANTHONY: Okay. So the motion
 2
      is -- did you get that?
 3
                  THE COURT REPORTER: Yes.
 4
                  CHAIRMAN PREISSE: Is there any
 5
      discussion?
 6
                  BOARD MEMBER SINNOTT: So there will be a
 7
      report, prepared by Bill and Dana, describing what
 8
      was just offered to us, and then that written report
      is going to be sent to the prosecutor for whatever
 9
      action the prosecutor deems proper under the terms of
10
11
     the motion. Is that agreeable, Greq?
12
                  BOARD MEMBER HAAS: Yeah.
13
                  DIRECTOR ANTHONY: It's been properly
14
     moved and seconded. All those in favor, say aye.
                  (All ayes heard.)
15
16
                  DIRECTOR ANTHONY: Motion carries.
17
                  CHAIRMAN PREISSE: Good.
18
                  DIRECTOR ANTHONY: Mr. Chair, you can
19
      open --
20
                  CHAIRMAN PREISSE: Yeah.
                                            We have a
21
      request for members of the public who wish to address
2.2
     the Board; is that correct?
2.3
                  DIRECTOR ANTHONY: Yes.
24
                  CHAIRMAN PREISSE: So we suggested that
```

we do that earlier rather than later so people don't have to stay for the whole meeting if they don't want to. Of course, they're welcome to stay as long as they wish.

2.2

2.3

We have requests? I'm turning to the public. Okay. Good, we do have a request.

Because of recent questions and suggestions and repeated discussions relative to questions about our policy here, I'm going to paraphrase something Brad said recently which is, you know, we've operated with a pretty small-town, open, kind of friendly discourse back and forth. We'd like to maintain that.

So we're going to ask that those who are addressing the Board limit their remarks to a reasonable period of time, three or four minutes, and kind of get to the point and try to stick to their points. And I think if we can maintain that level of communication and friendly civility, that that may service all the best going forward. If we have to amend or alter that, we, of course, can do that at some time.

As is always the case, will you state your name for the record.

MS. SHAFFER: I'm Paddy Shaffer and I'm the founder of the Ohio Election Justice Campaign.

I'm pleased that you looked into some aspect of True the Vote and I look at that as a great start on the many things there that need to be looked at.

2.2

2.3

As far as something that I spoke with Dana about last week, and I initially was told by Suzanne that if I wanted to be on the agenda, all I had to do was let Suzanne know, I was told a while back, so I did, and I still would like to address the idea of being on the agenda, versus three or four minutes and a quick ending, because if I brought up something that's important, I would like to have an adult conversation and take the conversation to an ending point for all parties versus being excused that it's over even if it doesn't seem to be over.

So I've asked for the written policy for how you get your name on the agenda and I was told that there's not one; in which case I would like to encourage you to have one, and so we can have a good adult conversation on things that need addressed and that, I think, would help with the Board in the hometown friendliness.

Another thing I think would help with

that would be meetings being timely. I was informed that today's meeting started at 2:30, so I'm here at 2:30; we started after 3:00. Normally, it starts at 3:00, but we don't actually start until 3:30 or 4:00. And that thing on just honoring each other's time, it's a really nice way to start a meeting and it shows respect for everyone there.

2.2

2.3

With the True the Vote, I have still more questions and concerns, but as I'm very pleased that you addressed some aspect of it, and I will watch carefully as it unfolds, that's what I have to say on it. Marian had another issue on it that she wanted to bring up and I hope we all make progress.

CHAIRMAN PREISSE: Before you sit down, we've, you know, we've talked about your communicating with the staff here too, Bill and Dana, and so don't hesitate to do that, and I know both of them would be happy to get together with you. I think it might make sense to get together just so you're hearing the same things at the same time.

Coming to the full board, from time to time, with sets of concerns and questions, some of which we may have heard before but out of context, some of which may have a different nuance mixed with

others may not be the most efficient way to approach this. So take advantage of the opportunity to meet with Dana and Bill to help synthesize and organize the Board's knowledge of your issues.

2.2

2.3

I'm not saying don't or you can't do what you're doing right now, but what I just suggested probably helps organize your thoughts and approach the Board and helps inform us about the issues before we're hit with them --

MS. SHAFFER: If it's something that doesn't need addressed to the Board, trust me, I know how to do that. I've been doing election work for a long time. When it is something that is significant and the Board needs to know about it, I take it to the Board.

CHAIRMAN PREISSE: I think you may have missed my point which is I think you can do both and help us better understand where you're coming from on these important issues to you by, perhaps, by doing both. Not as a speed bump, but as a helpful, informed, you know, process to come before the Board.

MS. SHAFFER: These --

CHAIRMAN PREISSE: It's my suggestion.
You don't have to take it if you don't want.

MS. SHAFFER: These are all things I understand and I do. So if I show up at the Board, know that I consider it important enough the whole Board needs to be aware. With some of the very serious things that I brought up this year to the whole Board, I would hope that the whole Board would be curious enough to look into it because some of it makes the Board look very troubled.

2.2

2.3

CHAIRMAN PREISSE: Again, I think you missed my point.

BOARD MEMBER HAAS: Yeah. Here --

MS. SHAFFER: If it looks like there's a problem, and part of the problem, it may even be within the Board, I think the whole Board needs to know about it. Why take it to two members of the Board when as a group --

BOARD MEMBER HAAS: They're not members of the Board.

 $$\operatorname{MS.}$ SHAFFER: We need to have a group discussion. We need improvement.

BOARD MEMBER HAAS: They're not members of the Board. But, Paddy, bottom line is we're going to take your concerns about the Board seriously.

Hope you take what Doug said seriously in terms of

how they can help us answer questions, look into 1 stuff, talk about stuff, if they're aware in advance, 3 and we can carry the discussion further that's all 4 Doug was suggesting. So we're going to take your 5 concerns seriously and I hope it goes the same way. 6 MS. LUPO: I'm Marian Lupo. M-a-r-i-a-n 7 L-u-p-o. Thank you for the opportunity to address 8 you sooner rather than later. I really appreciate 9 it. 10 There were two new matters, and these are 11 things I will bring up with Mr. Anthony and Mr. Walch so I will be very brief so I don't take up too much 12

There were two incidents in 2012 of what could be considered precinct disturbances, but to give everyone the benefit of the doubt, I'll call them precinct irregularities. One was at Redeemer Church; one was at the IBEW Hall.

BOARD MEMBER HAAS: The first one was what?

MS. LUPO: Precinct irregularities.

of your board time this afternoon.

13

14

15

16

17

18

19

20

2.2

2.3

24

BOARD MEMBER HAAS: Yeah.

MS. LUPO: I don't want to characterize them as precinct disturbances because I'm making a

judgment.

BOARD MEMBER HAAS: No. The first

3 location?

2.2

2.3

MS. LUPO: The IBEW Hall and the second one was Redeemer Church. My understanding is they were documented. I didn't bring the documentation because I didn't think that was something I needed to do. What I can do is get together with Mr. Walch and Mr. Anthony and ask them to research it. Both of these precincts were precincts that had been listed on the True the Vote observer forms.

And in one case the individual actually burst into the precinct with a video camera, and I do know they called, I do know that the precinct officials called. So you should have documentation of it.

I shouldn't have to do this, and I didn't think I did, but then I know you're very busy. The statute of limitations is two years on the misdemeanor, if they were found, I'm not saying that they would be, I'm not saying they're guilty or anything, please, I just think it needs to be looked into, it's a two-year statute of limitations that would be expiring in a couple of months, November

2014, that's why I thought it was urgent to address you today in person.

CHAIRMAN PREISSE: Thank you for appearing and thank you for sharing. If you've got other specifics and evidence and information on these matters, which you suggest you do, then, by all means, please, at your earliest convenience, share it with --

MS. LUPO: What I can do is, I don't know who to call, but I can call -- perhaps e-mail you, Bill?

12 DIRECTOR ANTHONY: Yes.

1

3

4

5

6

7

8

9

10

11

13

14

15

18

19

21

2.2

23

24

MS. LUPO: Yeah. That's what I'll do.

Do I e-mail you both at the same time?

DIRECTOR ANTHONY: Yes.

MS. LUPO: I want to be nonpartisan.

17 CHAIRMAN PREISSE: Then be bipartisan.

DIRECTOR ANTHONY: Send it to both of us.

DEPUTY DIRECTOR WALCH: Yeah, send it to

20 both of us. That will be fine.

MS. LUPO: Okay.

DIRECTOR ANTHONY: Do you have our e-mail address? And you can also make it easier by calling Suzanne.

```
18
                  What's your number, Suzanne?
 1
 2.
                  MS. BROWN: 525-4268.
 3
                  MS. LUPO: 525?
 4
                  MS. BROWN: 4268.
 5
                  MS. LUPO: 4268. Great.
 6
                  DIRECTOR ANTHONY: And you can work with
 7
      her on, you know, working on a time where you can sit
 8
      down with both Dana and I.
 9
                  MS. LUPO: Okay. That's what I'll do.
10
                  DIRECTOR ANTHONY: Okay.
11
                  MS. LUPO: The second thing is, I really
12
      appreciate the Board's policy on the open meetings.
13
      I think this is one of the few boards in Ohio that
14
      actually say you can be on our e-mail list and we'll
15
      let you know when our meetings are. So that's a good
16
      thing that the Franklin County Board does.
17
                  I wanted to reiterate that if it's
18
     possible to have written guidelines on how to be on
19
     the agenda, that would be helpful, too.
20
                  And before the elections, Matt
21
      Damschroder always used to call pre-meetings and, you
2.2
     know, we're not -- it's not so urgent right now, and
2.3
      I don't believe that we should always be here when
24
      it's really urgent and stakes are high, I mean I
```

think it's an ongoing process. And that's why I thought written procedures that you posted online so people would know that aren't like me or Paddy or some of the people here that know you and come here.

2.2

2.3

The final thing, and this is, again, something I'll bring up with Bill and Dana is, according to my recent research, 90 percent of the voter challenges that were brought to the boards of Franklin, Lucas, and Hamilton County, 90 percent of those were not valid. And, again, most of these were brought by one group.

And I realize that Secretary of State
Husted had changed the legal standard for when you
can bring a voter challenge, but at some point it
seems to me that there has to be at least implied
good faith.

I don't know how the Board would handle that, and I don't know how the Board plans to handle that as we get into the more-contested elections, but I think we have -- I would ask you to come up with something so that people aren't receiving voter challenges in the mail.

Mr. Preisse, I see your face. You're not persuaded or you don't think it's a good idea?

```
1
                  CHAIRMAN PREISSE: I'm listening to you
 2
      and taking notes.
 3
                  MS. LUPO: Okay.
 4
                  CHAIRMAN PREISSE: I think what you see
 5
      is my dry contacts.
 6
                  MS. LUPO: Oh, okay.
 7
                  (Laughter.)
 8
                  MS. LUPO: So it used to be the standard
      was clear and convincing evidence. Secretary of
 9
      State Husted changed it so now anyone can make a
10
      voter challenge and you have to do the research and
11
12
      you have to send the letters out to voters.
13
                  With 90 percent of them being invalid, it
      strikes me that we need something better in place so
14
      voters aren't called in here or aren't intimidated
15
16
      because of whatever reason going on with the people
17
      making the challenges, improper maps, wrong database,
18
      there may be some partisan aspect to it, I don't want
19
      to prejudge this, but I think that you guys could
      come up with a standard before you would say, yeah,
20
21
      we're going to send a letter out to the voter.
                  That's all I had. Are there any
2.2
2.3
      questions?
24
                  CHAIRMAN PREISSE: Thank you very much.
```

MS. LUPO: Well, thank you for your time and thanks for your new policy of letting us speak.

2.2

2.3

CHAIRMAN PREISSE: Thank you.

Okay. Good. Where does that bring us, Mr. Director?

DIRECTOR ANTHONY: That will bring us to the amended paper ballot allocation. We amended Exhibit A at your desks, at your area, and it's the amended ballot allocation.

DEPUTY DIRECTOR WALCH: As you remember, we passed a paper ballot allocation at a previous meeting. I made it clear at that meeting it would be amended because at that time, per directive of the Secretary of State, we had to do it within a certain timeline, but all of our ballot styles hadn't been set yet. So, as I said in the previous meeting, we would have to bring this back.

That is what is before you today. It complies with everything that was directed to us in the Secretary of State directive on this. As you see on there, a listing by every precinct split in the county of how many paper ballots we will put out there on Election Day per the directive of the Secretary of State's office.

1 BOARD MEMBER SINNOTT: Well, then, I move 2 that the Board adopt the amended paper ballot 3 allocation formula in Exhibit A, compiled by the 4 Board staff, for the November 4th, 2014, General 5 Election. 6 DIRECTOR ANTHONY: Is there a second? 7 BOARD MEMBER HAAS: Second. 8 DIRECTOR ANTHONY: All those in favor, 9 say aye. 10 (All ayes heard.) 11 DIRECTOR ANTHONY: Motion carries. 12 The next item is the amended machine 13 allocation. 14 DEPUTY DIRECTOR WALCH: Same thing here. 15 One thing I want to make clear to the Board on this 16 one or just bring to your attention, we are required, 17 by Secretary of State directive, to place at least 18 one voting machine for every 175 registered voters in 19 a polling location. 20 We are well below that already with this 21 allocation and it will only get better because, per 2.2 Secretary of State directive, we are actually permitted in our formula to subtract out any voter 2.3 24 who requests an absentee ballot, because obviously 90

```
to 95 percent of those voters are going to vote via absentee and not show up on Election Day. So that ratio will only get better than where it currently is.
```

2.2

2.3

We're a little concerned about there are three issues, three charter amendment issues in the City of Columbus that are rather lengthy in their verbiage. So this formula actually allocates voting machines in the City of Columbus at one machine for every 145 registered voters. In the remainder of the county that didn't have those three long ballot issues on them, it's one for every 167. Both of those, again, are well below the 175, and will only get better as more and more absentee ballot requests come in.

16 CHAIRMAN PREISSE: How many machines is that?

DEPUTY DIRECTOR WALCH: We will place 4,408.

CHAIRMAN PREISSE: When do you cut off the subtraction of the absentee requests and you reduce --

DEPUTY DIRECTOR WALCH: Well, yeah, we certainly could take it all the way up to the

election, but obviously for --

2.2

2.3

CHAIRMAN PREISSE: We have to --

DEPUTY DIRECTOR DANA WALCH: --

programming purposes, it doesn't lend itself if there are -- if we see any unusual thing going on with absentee requests. We monitor this all the way up through the election. You know, we could potentially bring another amended formula back to you to make some tweaks to this one here.

That's why I wanted to bring up to you that this one that's before you today is already better than the threshold we're required to have and will only continue to get better.

But we'll continue to monitor this up until such a point where we've got a, you know, sort of an electoral point of no return of programming machines and getting them out, but I don't foresee necessarily, barring something unusual happening, us needing to bring this back to your attention again.

BOARD MEMBER MARINELLO: Mr. Chairman, I move the Board adopt the amended voting machine allocation formula in Exhibit B, compiled by the Board staff, for the November 4th, 2014, General Election.

2.5

```
1
                  DIRECTOR ANTHONY: Is there a second?
 2
                  BOARD MEMBER SINNOTT:
                                         There is.
 3
                  DIRECTOR ANTHONY: All those in favor,
 4
      say aye.
 5
                  (All ayes heard.)
 6
                  DIRECTOR ANTHONY: Opposed, same sign.
 7
                  (No response.)
 8
                  DIRECTOR ANTHONY: Motion carries.
                  The next item on the agenda we have a
 9
      write-in candidate for the 3rd Congressional
10
11
      District. That would be Ralph Applegate.
12
                  BOARD MEMBER SINNOTT: Give us some
13
      background on what's happened here.
                  DEPUTY DIRECTOR WALCH: Mr. Applegate
14
      filed a petition, a declaration to run as a write-in
15
16
      candidate for the office of United States
17
      Representative in the 3rd Congressional District.
18
      His petition was in order -- or, his declaration was
      in order. So we bring before you today to certify
19
20
      him as a write-in candidate for the 3rd Congressional
21
      District.
2.2
                  BOARD MEMBER SINNOTT: Then I'll move
2.3
      that Ralph Applegate be certified as a valid write-in
24
      candidate for the office of U.S. Representative in
```

the 3rd Congressional District on the November 4, 2014, General Election ballot.

DIRECTOR ANTHONY: Is there a second?

BOARD MEMBER MARINELLO: Second.

DIRECTOR ANTHONY: All those in favor?

(All ayes heard.)

2.2

2.3

DIRECTOR ANTHONY: Motion carries.

As you all know, early voting will be beginning soon, and, as such, it will be the first time that we will have early voting at this location while we're at this location. And so, we decided that we would enter into a personal service contract with two individuals to actually run the day-to-day operation of that Early Vote Center.

One of them is Donald Klco, K-l-c-o. He did it in 2012. And then the second one is Arnold Tompkins, T-o-m-p-k-i-n-s. Arnold worked at the Early Vote Center dealing with the machines and coordinating that whole effort of 175 machines we had out there, making sure that they were up and running and staffed properly. So he has a good knowledge of what happens on early vote as well. We would like to bring them both in, starting September 15th, at a salary not to exceed \$10,900.

BOARD MEMBER HAAS: I move that the Board 1 2 authorize the Director and Deputy Director to execute 3 personal service contracts not to exceed \$10,900 each 4 for Arnold Tompkins and Donald Klco, to manage the 5 Early Vote Center located at 1700 Morse Road, 6 Columbus, Ohio. 7 DIRECTOR ANTHONY: Is there a second? 8 BOARD MEMBER SINNOTT: There is. DIRECTOR ANTHONY: All those in favor? 9 10 (All ayes heard.) 11 DIRECTOR ANTHONY: Motion carries. 12 The next is we also enter into a contract 13 with ES&S to basically deal with, it's called 14 "project management services," but they have staff made available to us in and around Election Day in 15 16 the event that we have issues with our vote system or 17 any other issues. 18 BOARD MEMBER MARINELLO: Is there someone 19 actually here? 20 DIRECTOR ANTHONY: Yes, they are here. 21 They are here now. 2.2 DEPUTY DIRECTOR WALCH: They send one of 2.3 their folks out to help us with setting up the ballot 24 on the machines and for the optical scan ballots,

through, then, Election Day, that we have on-site support here on Election Day also if needed. It's proved to be a good service for us in the past and one we'd like to consider.

2.2

2.3

This actually would take us, this amount that you'd be approving today would actually take us through 2016. So it's a couple-year contract. So it's an extension of the existing one that we already have. And, as I said, it's worked very well for us in the past. It's something we find great value in.

BOARD MEMBER MARINELLO: Mr. Chairman, I move the Board approve the opening of a purchase order to Election Systems and Software for \$78,750 for project management services.

DIRECTOR ANTHONY: Is there a second?

BOARD MEMBER HAAS: Second.

DIRECTOR ANTHONY: All those in favor?

(All ayes heard.)

DIRECTOR ANTHONY: Motion carries.

The next item is every -- particularly every even-year cycle, presidential and gubernatorial cycle, we produce a media campaign to let the voters know when the early vote period is, and also to let voters know what the ID requirements are for Election

Day.

2.2

2.3

As such, we always use a Democrat and Republican PR firm to produce these spots for us.

And because of the move here — and we sort of budget, basically we have a presidential—year budget and a gubernatorial—year budget. The gubernatorial—year budget is never as high as the presidential—year budget because of the activity.

This time around, because we are located here at 1700 Morse Road, we thought we should do a better blitz on our advertising to make sure that we do let the voters know that we are here, we are open, and that they could vote an absentee ballot at home, paper, or they could come here and cast a ballot.

And then also — and then to do that through a number of media outlets: TV, newspaper, and radio. And then the other ad, the other blitz would be around the ID requirements.

And for all of that, we had initially put in our budget levels that were closer to the 2010 level which was the last gubernatorial election. We met with our team and they apprised us that what we need to do, it really brought us more to the 2012 level.

And so, we're asking -- and we've already 1 2 talked to the commissioners and told them that we 3 were going to ask for an appropriation -- a 4 supplemental appropriation increase in our media 5 budget to the 2012 level. That would bring it up to 6 about \$650,000. We're currently at around \$397,000. 7 So that would increase it from 397 to about 650. We 8 think we need that to get the word out where we are 9 and the ID requirements. 10 BOARD MEMBER MARINELLO: When do you 11 think it will start? 12 DIRECTOR ANTHONY: Well, it will start, 13 it will hopefully start a week before early vote 14 starts. And, right now, early vote is starting 15 September 30th. And so, we don't have a lot of time. 16 BOARD MEMBER MARINELLO: Better hurry. 17 DIRECTOR ANTHONY: We've already --18 they've already worked on a script for us and putting this thing together for us. We just need to buy the 19 airtime and the media time. And that's for all the 20 21 costs: TV, radio, paper time. 2.2 Dana, did you have anything to add? 2.3 DEPUTY DIRECTOR WALCH: No, I think you

summed it up just fine, Bill.

24

BOARD MEMBER HAAS: I think it's also 1 2 important in this election to further identify our 3 brand, our location. That's actually something that will pay residual benefits in elections to come. 5 I think when we make this pitch to the Commissioners, 6 it's about the newness of this location as well, I 7 mean really emphasize that. And having a set 8 location for early voting, since we floated around, I 9 think is important. I move that the Board authorize the 10 11 Director and Deputy Director to request additional 12 money from the County Commissioners to increase the 13 2014 budget for media to \$650,000, the amount allocated in the Board's 2012 budget. 14 DIRECTOR ANTHONY: Is there a second? 15 16 BOARD MEMBER MARINELLO: Second. 17 DIRECTOR ANTHONY: All those in favor? 18 BOARD MEMBER SINNOTT: Let's have some discussion before we vote. So there will be no 19 20 similar media budget in 2015? 21 DIRECTOR ANTHONY: That's correct.

not do it in an off-election year, that's correct.

In my time we didn't do it in 2013, but I haven't

DEPUTY DIRECTOR WALCH: We generally do

2.2

2.3

24

```
32
      been here for all of them, but I don't believe it's a
 1
 2.
     practice --
 3
                  CHAIRMAN PREISSE: I don't recall that
 4
      we've ever done it --
                  DEPUTY DIRECTOR WALCH: -- to do it in an
 5
 6
      off-election year.
 7
                  CHAIRMAN PREISSE: -- in an odd year.
 8
                  DIRECTOR ANTHONY: Yeah, we normally
      don't.
9
10
                  DEPUTY DIRECTOR WALCH: So called
      "off-election year."
11
12
                  MR. COLLINS: Dana, do you want me to
13
      explain?
14
                  DEPUTY DIRECTOR WALCH: You certainly
      could. This is Gary Collins who is our analyst --
15
16
                  MR. COLLINS: I'm the Commission's Budget
17
      Analyst for the Board of Elections.
18
                  CHAIRMAN PREISSE: Okay. Will you state
19
      your name and --
20
                  MR. COLLINS: Gary Collins. Senior
21
      Budget Analyst for Franklin County Commissioners.
2.2
                  On the 2015 budget, we go back and we'll
2.3
      look at your off-year election and determine your
      budget that way based on what you spent in 2013 for
24
```

your budget. So that's how we kind of look at '15. So your budget goes up and comes down based on the election years.

2.2

2.3

When we looked at the budget for media, we actually looked back to the 2010 because that was the last gubernatorial, not the presidential. So that's how we determined the budget for the 2014. So the increase is — they're coming to Commissioners with a letter that they've already had conversations with our budget director and determined how much additional that it would need to be, which is the 260-some thousand.

BOARD MEMBER SINNOTT: Well, we have already committed \$400,000 to this and the consultant says \$650,000 is what's necessary. I'm inclined to support the contention.

But as we approach the next presidential election, I really wonder how many hundreds of thousands of dollars of taxpayers' money would need to be spent telling the taxpayers that there's going to be a presidential election. Nonetheless, given where we are now, I'm going to be a "yes" vote.

BOARD MEMBER HAAS: If I could just follow-up and comment. I don't think we need to tell

them it's an election now or then, but we've changed the rules on people so much about what they need to present, they don't even know when they can start voting yet, that if we face a similar problem in 2016, we have an obligation to let people know when, where, and how they can vote. And, you know, we follow this stuff every day, but it doesn't mean that every voter does.

And I think that, you know, for the first 40 years of my life, voting was a very similar process and similar requirements which were very limited. In the last few years, it's been a roulette wheel. I think that as long as that kind of stuff continues, we're going to have to keep making an extra effort to let people know what they got to bring to a polling place to vote.

BOARD MEMBER SINNOTT: All right. Well,
I think it's been fully discussed.

DIRECTOR ANTHONY: Motion carries. Thank you.

21 CHAIRMAN PREISSE: I don't know that we actually voted.

BOARD MEMBER MARINELLO: I seconded.

24 DIRECTOR ANTHONY: Oh.

1 BOARD MEMBER HAAS: It's been moved and 2. seconded. 3 DIRECTOR ANTHONY: Okay. It's been properly moved and seconded. All those in favor? 4 5 (All ayes heard.) 6 DIRECTOR ANTHONY: Motion carries. 7 you, gentlemen, and Kim. 8 The next item on the agenda would be the 9 wait time policy for the November 4th General Election. 10 11 DEPUTY DIRECTOR WALCH: We are required, pursuant to Secretary of State Directive 2014-23, as 12 13 we have in past elections, to do a wait time policy. Our policy has been in past elections and we're 14 suggesting again this year that if the voting 15 16 location manager sees a line of more than 20 people, 17 that they are to make an announcement to the voters 18 in line that they have the choice of either voting a 19 paper ballot or voting on one of the voting machines. 20 This is the exact same one we did in 21 2012, just changed the directive and the dates and 2.2 things like that, but it's been the same one we've 2.3 had in the past pursuant to Secretary of State directive. 24

Our voting location managers all will be given this and all will be included in their training that if the line does exceed 20 people in line at any given time that they are to make the announcement that's listed out on this.

2.2

2.3

BOARD MEMBER MARINELLO: Are we still going to have a sign that they're available, paper ballots are available?

DEPUTY DIRECTOR WALCH: I don't know that we do a sign. We're not required to tell every voter that comes through the line that you have the so-called "paper or plastic option." We have to have paper ballots available for anybody who does request one.

This wait time policy, this goes back a few election cycles now, does require us to make an announcement if the line does get long. It doesn't allow the voter to go to the front of the line in any way or not show, you know, ID or anything like that, they don't get into a shorter line if they decide to vote paper instead of on a machine, but we are required to have a policy and that's what is before you this afternoon.

BOARD MEMBER SINNOTT: I move that the

Board approve the policy governing voting location manager announcements for the availability of optical scan ballots for the November 4th General Election pursuant to Secretary of State Directive 2014-23.

DIRECTOR ANTHONY: Is there a second?

BOARD MEMBER HAAS: Second.

DIRECTOR ANTHONY: All those in favor,

say aye.

2.2

2.3

(All ayes heard.)

DIRECTOR ANTHONY: The next item on the agenda, Dana has been working really hard with our IT folks, Carolyn and Dennis, to come up with a procedure for us to keep accurate records of when an employee comes and goes here at 1700 Morse Road.

Dana.

DEPUTY DIRECTOR WALCH: Thank you, Bill.

Before we do, if I may have a point of personal privilege here to introduce a couple of people here in the front row. We have Chelsea Faulkner. Chelsea is our new field rep with the Secretary of State's office. I wanted to make sure to introduce Chelsea. She just came and met with Bill and I, the other day, and introduced herself.

CHAIRMAN PREISSE: Welcome, Chelsea.

MS. FAULKNER: Thank you.

2.2

2.3

DEPUTY DIRECTOR WALCH: And then in the row right behind her is Ashley Mosteller. Ashley is one of our interns from the John Glenn Center at Ohio State University, affectionately know as one of our "Glenterns."

We also have Ryan Hill. Ryan isn't in on Mondays, so I don't think he's here, is he, if he's behind the podium there, I don't see him, but Ryan Hill also is here. So we have a set of two very fine young graduate students from the John Glenn School at The Ohio State University for the semester.

CHAIRMAN PREISSE: Welcome to you, too.

DEPUTY DIRECTOR WALCH: I told them it's a great semester for them to be coming.

Carolyn or Dennis, whoever wants to come.

MS. GORUP: We're going to make Dennis be the man behind the curtain.

(Off the record.)

DEPUTY DIRECTOR WALCH: Per one of the previous meetings, took a shot at coming up with some sort of new procedure for employees signing in and out so that we could better track time here at the Board of Elections. So we worked with Carolyn and

```
1 Dennis on coming up with the following.
```

2.2

2.3

MS. GORUP: We've tried to make it as easy as possible so it's not a burden to do it. The first time somebody gets their card, they just scan and it says I can't find you.

CHAIRMAN PREISSE: Wait a minute, I'm confused and we're 5 seconds into this.

(Laughter.)

CHAIRMAN PREISSE: Back up just a little bit. Start over. What are we looking at here?
You're holding a card.

MS. GORUP: Everybody who works here has an ID card which includes a radio frequency ID chip in it and all we have to do is wave it over the reader.

CHAIRMAN PREISSE: Which is located?

MS. GORUP: Which is located at the machine which will be at the front desk. Every employee has one.

20 CHAIRMAN PREISSE: At the front desk.
21 Okay.

MS. GORUP: As they come in, they scan their card. The first time or the first time you use the card because, surprisingly enough, cards get

lost, so when they come in with a new card, they have to go through this again. And my log-on ID, every user --

CHAIRMAN PREISSE: You spelled it wrong.

BOARD MEMBER HAAS: It's hard to spell.

MS. GORUP: And then it's actually made up so that you could enter your own secret code, but why bother.

BOARD MEMBER SINNOTT: Carolyn, so there is a scanning point at the front desk.

MS. GORUP: Yes.

1

3

4

5

6

7

8

9

10

11

14

15

16

17

18

19

20

21

2.2

2.3

24

BOARD MEMBER SINNOTT: And every employee of the Board enters the same way.

MS. GORUP: Yup.

BOARD MEMBER SINNOTT: All right.

MS. GORUP: I am now in there and it will know me forever.

CHAIRMAN PREISSE: But what you just demonstrated is what you have to do initially or if you lose a card and get a new one you're sort of logging in with your card.

MS. GORUP: Right.

DEPUTY DIRECTOR WALCH: That's what we need to do to set them up in the system is what

Carolyn just did.

2.2

MS. GORUP: I've now defined me as somebody who could scan in.

CHAIRMAN PREISSE: All right.

MS. GORUP: So I can come in and I might say I'm coming in but, you know what, I stopped by the warehouse first. So, as an explanation, when somebody looks at it, I can say "warehouse" and then "in." So that if somebody is looking at the time saying, wait a minute, Carolyn, why did you say in at 10, but you're saying you worked eight hours, the explanation is there that I went to the warehouse.

CHAIRMAN PREISSE: Now, there's a keyboard up front that this is happening there or is it happening at the employee's desk?

MS. GORUP: There will be a computer and a keyboard. We can actually use a tablet, a regular computer, a laptop, there's a number of ways we could decide to implement this.

BOARD MEMBER MARINELLO: But there's only one place you can check in.

MS. GORUP: One place. We might put two up there if we need to.

BOARD MEMBER MARINELLO: You'll have

people out the door waiting to check in.

2.2

2.3

MS. GORUP: Okay. I'm going to go out to lunch. We figured "out lunch" would be a pretty regular thing to do, so we give them that. Or I'm ready to leave for the day. Or maybe things didn't go well at the warehouse this morning, I'm going out to the warehouse and I'm "out other."

DEPUTY DIRECTOR WALCH: As we discussed at previous meetings, the idea of your traditional time clock doesn't really work for us because we do have employees that do other things. The warehouse issue, Carolyn uses that. Obviously, after we move the warehouse after the election, that will go away, but we still do have folks who run payroll down to the courthouse or do pay-ins down at the courthouse or do have to go on mail runs, things of that sort.

So we wanted some flexibility in the system without having, you know, a menu of 48 different options that you got to search for and find and it takes a long time. We wanted to create something that was simple to use, but was flexible to fit what we do here at the Board.

And that's why Carolyn and Dennis came up with just the easy one of I'm out to lunch, or out

```
for the day so we don't expect you back at that point, but put that "other" in there so some explanation could be put in there that says I'm out of the office but I'm working. We didn't want them to have to clock out because --
```

3

4

5

6

7

8

9

14

15

16

17

18

19

20

21

2.2

2.3

24

CHAIRMAN PREISSE: But in that case there would not be a clock out. If someone left today at 2:30 to go to the warehouse or some other place and doesn't come back, there is no clock out.

MS. GORUP: There is not an additional clock out.

12 CHAIRMAN PREISSE: An additional clock
13 out, an end-of-day clock out.

MS. GORUP: Yeah.

BOARD MEMBER SINNOTT: Where is the personnel policy drafted that describes how this is to work?

DEPUTY DIRECTOR WALCH: We're still working on that. We wanted to show you the system first. But we would come up with a set of standards that we would communicate to all of the employees for using this.

BOARD MEMBER SINNOTT: And are you designing this software in the way that where it says

"Note," there's an opportunity to provide a
meaningful description?

2.2

2.3

MS. GORUP: Yeah. As I put "warehouse" here, I could have put more.

DEPUTY DIRECTOR WALCH: And we will instruct accordingly when we do that.

BOARD MEMBER SINNOTT: That is key for this working in the future. "Mail run" is not going to do it. So there does have to be an opportunity for somebody to explain what she is doing when she's away from the Board's office but working for the people for three hours.

DEPUTY DIRECTOR WALCH: Absolutely.

MS. GORUP: And we did make it -- we're only human, you'll notice I didn't clock back in, I just kept going out. If somebody makes a mistake, they can put a note in saying maybe they came back from lunch and didn't clock back in.

And when they get ready to leave they realize, mmh, it says I'm still out. I could put a note in that said forgot to clock in from lunch at such and such a time.

DEPUTY DIRECTOR WALCH: And to that point that Carolyn brings up, that's what will be incumbent

upon the managers and Bill and myself when the report 1 2 comes out to see that to say, okay, wait a minute, 3 what happened here. If, you know, something like 4 that would happen, you know, once in every great 5 while that happens, but, you know, if we see it 6 happening every single day, you know, then that 7 obviously throws up a red flag to the manager and to 8 Bill and myself to have a talk with that employee to 9 say, hey, come on. 10 CHAIRMAN PREISSE: So each employee is 11 still filling out a biweekly time sheet. 12 DEPUTY DIRECTOR WALCH: That's right. 13 CHAIRMAN PREISSE: Does that employee 14 have access to the electronic record to --15 MS. GORUP: Let us go on. 16 BOARD MEMBER MARINELLO: One question: 17 What if you have a doctor's appointment, can you put 18 "personal" on there for privacy?

MS. GORUP: You could put "personal," you could say "leave slip," or you could just leave it blank and cover it on your payroll.

19

20

21

2.2

2.3

24

DEPUTY DIRECTOR WALCH: Yeah. Once the report comes out, if we see an employee didn't come in until 11:00, but there's a subsequent leave slip

to it, and when we see their biweekly time sheet it should show three hours of leave time of some sort which would match, then the report that comes out of this that, yes, that employee did not come in until 11:00, but I've got three hours of sick time to go to a doctor's appointment.

2.2

2.3

MS. GORUP: Let's go ahead and switch to -- now, this is -- an individual can see -- we gave Dennis, we made him a director so he could see everything during development. Normally, I could see where everybody is, in/out, and everybody would have access to this, but it would be mostly important for Debbie up front.

When somebody comes in and says I'm here for a meeting with Carolyn, and she says, oh,

Carolyn's gone out to lunch but, you know what, she's due back in 10 minutes, just have a seat and wait; or did Carolyn know you were having lunch -- or, you were having a meeting, because she just walked out 10 minutes ago. So she has that information or she would be able to see that I said I was going to the warehouse and that I wasn't in the office.

DEPUTY DIRECTOR WALCH: This helps our internal process of knowing who's here, who's not

here, you know --

2.2

2.3

BOARD MEMBER MARINELLO: Because it's so huge here.

DEPUTY DIRECTOR WALCH: Yeah.

MS. GORUP: And I don't know if you noticed, I'm clear over here, I want to talk to Jeff clear over there, I might want to check and make sure he's in the office before I make the trip.

BOARD MEMBER MARINELLO: Right.

DEPUTY DIRECTOR WALCH: And that's why we built in, for example, the "out lunch," knowing that, as you see on there it says for Frank Gill, for example, on the second record, out at 11:01. So if you're looking at it and it's starting to get close to noon, you could say, okay, Frank's at lunch, he'll be back any minute now, I'll go look for him in 10 minutes. So you'll have some time parameter there to be able to see. That's why we did it different than just having an "out" button, because then if you're looking at this you don't know are they out for the day or are they just out for an hour.

BOARD MEMBER MARINELLO: That's good.

BOARD MEMBER SINNOTT: Is the software

programmed to send a report to a supervisor on a

particular schedule?

2.2

2.3

MS. GORUP: Getting ahead.

BOARD MEMBER SINNOTT: Okay.

MS. GORUP: So this is available, and this is showing how actually the directors will see it.

MR. LANDUYT: This screen will be available to everybody.

MS. GORUP: Yeah, this screen, but we want to show the detail. The directors will see this. If they are not flagged as a director, they could see just their own. And if they wanted to see a two-week period, they would just have to change the dates up at the top to show there.

So we see Barbara Burns, she was in and out on the 5th and then on the 8th. So they could fill out their time sheet if they weren't sure what day it was I came in late.

Then a manager would be able to see everybody in their department. So I would be able to look at the other IT staff, check it against their time sheet. Dana and Bill can check the entire office. And there is a report, I'm not sure we've got it running on this machine, but you can run a

```
report for a hard copy report of this.
```

1

3

4

5

15

16

17

18

19

20

21

2.2

2.3

24

DEPUTY DIRECTOR WALCH: And our plan is to have that distributed to all of the managers and Bill and myself, so when the biweekly time sheets come to us, they can be matched against that report.

CHAIRMAN PREISSE: Is it automatically calculating the hours over to the far right?

MS. GORUP: Yes.

MR. LANDUYT: Yes.

MS. GORUP: And it represents -- is that a total for the day or just --

MR. LANDUYT: Yeah, total for the day.

MS. GORUP: Okay.

BOARD MEMBER SINNOTT: So on the same schedule that the supervisors are approving time sheets, they're also getting this report.

MR. LANDUYT: This report, yeah. That will give the -- yeah.

BOARD MEMBER SINNOTT: Got it.

MS. GORUP: And that's pretty much it.

DEPUTY DIRECTOR WALCH: We wanted to build it simple and quick, but comprehensive, and give us the information we have. We didn't want to create, you know, the last thing we wanted to have

was a system in which the employees are spending half their time accounting for their time, that's just dumb.

BOARD MEMBER HAAS: Right.

1

DEPUTY DIRECTOR WALCH: So we wanted it to be simple, but with the flexibility that we need in the reporting, we need then to accurately be able to verify the biweekly time sheets when they come to the management staff and I think this is --

10 CHAIRMAN PREISSE: Do most employees go
11 out to lunch?

DEPUTY DIRECTOR WALCH: Well, since we've been up here --

MS. GORUP: I think 50 percent probably go out to lunch.

DEPUTY DIRECTOR WALCH: -- go out of the office.

BOARD MEMBER SINNOTT: What's the schedule for developing the personnel policy?

DEPUTY DIRECTOR WALCH: Start working on it immediately.

MS. GORUP: It was fine for us to program it.

24 CHAIRMAN PREISSE: So you have to key in

1 out to lunch.

2.3

MS. GORUP: No. There's a button.

3 CHAIRMAN PREISSE: You hit the button.

DEPUTY DIRECTOR WALCH: If you're just

5 coming in, you hit "in."

MR. LANDUYT: Her last scan was out, so it thinks that you're going to want to do "in."

MS. GORUP: It actually is sort of making your decision for you that you need to come in, but maybe I don't, maybe I went out for lunch -- or, I went out for "other," now I happen to come back and I am going to go out to lunch.

BOARD MEMBER MARINELLO: This isn't going to screw you up not getting paid for the day, is it?

(Laughter.)

MS. GORUP: We will wipe out all the test data.

BOARD MEMBER MARINELLO: Oh, okay.

CHAIRMAN PREISSE: It's definitely novel.

BOARD MEMBER HAAS: One question I've

got, and one of the problems with the old-fashioned

22 clocks were people sometimes clocking in and out for

other people. When you do that, is there a way that

there could be a video recognition along with it?

```
MS. GORUP: We could add a web camera
 1
 2
      that would take a picture if that was deemed to be
 3
      necessary.
 4
                  BOARD MEMBER HAAS: If it wasn't too
 5
      complex.
 6
                  CHAIRMAN PREISSE: Would someone have to
 7
      use somebody else's --
 8
                  MS. GORUP: They have to use their card.
 9
                  DEPUTY DIRECTOR WALCH: They have to use
10
      somebody else's card. That's why we did it that way,
11
      because originally we talked about doing it, just put
12
      a code in or something like that. Well, if I whisper
     to him, hey, I'm "1234."
13
14
                  CHAIRMAN PREISSE: And each employee has
     one card only?
15
16
                  MS. GORUP: Yes.
17
                  DEPUTY DIRECTOR WALCH: That's why we did
18
      it this way so it would recognize this, but I would
      think we certainly could --
19
20
                  MS. GORUP: In fact, Dennis and I
21
      discussed it.
2.2
                  BOARD MEMBER HAAS: It would eliminate
2.3
     that problem.
24
                  BOARD MEMBER SINNOTT: Do we have video
```

```
53
 1
      surveillance of the lobby?
 2.
                  MS. GORUP: There is video surveillance
 3
      out there, yeah.
 4
                  BOARD MEMBER SINNOTT: How long is that
 5
      retained?
 6
                  DEPUTY DIRECTOR WALCH: It's just a few
 7
      weeks, isn't it, Bill? I mean that's what we found
 8
      at Memorial Hall. Just because of space limitations
 9
      it's only kept for a few weeks at a time.
10
                  DIRECTOR ANTHONY: They don't archive.
11
                  BOARD MEMBER HAAS: It doesn't slow it
12
      down.
13
                  BOARD MEMBER SINNOTT: Yeah, it doesn't
14
     hurt anything. It's technically feasible. We'd have
     to retain it for a long time, I suppose, if it's
15
     going to serve its purpose; otherwise, it's not going
16
17
     to be any better than what is being done now.
18
                  DEPUTY DIRECTOR WALCH: We'll explore
19
     that.
20
                  BOARD MEMBER HAAS: Very good.
21
                  DEPUTY DIRECTOR WALCH: Any other
2.2
     questions?
2.3
                  CHAIRMAN PREISSE: Did you model this off
24
      of someone's? How did you --
```

```
54
 1
                  MS. GORUP: No. Dennis and I just sort
 2
      of hit it around.
 3
                  CHAIRMAN PREISSE: Have you patented it
 4
      yet?
 5
                  (Laughter.)
 6
                  MS. GORUP: No. Actually, I've been told
 7
      we can't copyright the stuff we write.
 8
                  BOARD MEMBER MARINELLO: It's great.
 9
      Thank you.
                  DEPUTY DIRECTOR WALCH: Carolyn and
10
      Dennis have done a great job on this. They've, I
11
12
      think, really done very well in capturing what we
13
      talked about.
                  MS. GORUP: We tried to be flexible.
14
                  CHAIRMAN PREISSE: And you're developing
15
      the procedures and policies around it, and what's the
16
17
      timeline to --
18
                  DEPUTY DIRECTOR WALCH: We should be able
     to have that in a week or so.
19
20
                  BOARD MEMBER HAAS: That's great.
21
                  CHAIRMAN PREISSE: All right. Well, good
2.2
      work.
23
                  MR. LANDUYT: Thank you.
                  DIRECTOR ANTHONY: The last item on the
24
```

agenda is every year we have these holidays that keep coming around right during our election. The first one is the Columbus Day holiday. And right now, based on the times that we could be open for early voting, our official office will be closed on that day, but we would like to keep our staff here working on the election and doing some other things like we have every year since I've been here. And then to move that date, Columbus Day, and give them the day after Thanksgiving off. So that's what this motion is about.

2.2

2.3

So that would be, like, Monday,

October 13, that's the official holiday, and to move
that holiday for our employees to the day after

Thanksgiving which is November 28th.

BOARD MEMBER MARINELLO: I move that the Board office be closed to the public on Monday,
October 13, 2014, but that employees come to work for their regular work schedule. For working the holiday, the Board office will instead close on Friday, November 28th.

DIRECTOR ANTHONY: Is there a second?

BOARD MEMBER HAAS: Second.

24 DIRECTOR ANTHONY: All those in favor?

```
56
 1
                  (All ayes heard.)
 2
                  DIRECTOR ANTHONY: Motion carries.
 3
                  We have nothing else before the Board.
 4
                  DEPUTY DIRECTOR WALCH: It's all I've
 5
      got.
 6
                  CHAIRMAN PREISSE: Thank you.
 7
                  DIRECTOR ANTHONY: Motion to adjourn
      would be in order.
 8
 9
                  BOARD MEMBER HAAS: I so move.
10
                  BOARD MEMBER MARINELLO: Second.
11
                  DIRECTOR ANTHONY: All those in favor?
12
                  (All ayes heard.)
13
                  DIRECTOR ANTHONY: We stand adjourned.
14
      Thank you.
15
                  (Thereupon, the proceedings concluded at
16
      3:59 p.m.)
17
18
19
20
21
2.2
23
24
```

CERTIFICATE

I do hereby certify that the foregoing is a true and correct transcript of the proceedings taken by me in this matter on Monday, September 8, 2014, and carefully compared with my original stenographic notes.

Carolyn M. Burke, Registered Professional Reporter, and Notary Public in and for the State of Ohio.

My commission expires July 17, 2018.
