Franklin County Board Issues Statement on Voter's Receiving Incorrect Mail-In Ballots

(Columbus) The Franklin County Board of Elections is conducting an analysis of all absentee ballots mailed out. This afternoon the Board was made aware that some voters were mailed the incorrect ballot for the voters assigned address.

It was determined that a high-speed scanner used to proof ballots for accuracy was not working properly. Not all ballots mailed are incorrect. The board is researching when the error occurred to determine the number of impacted voters.

We are actively working on solution and will provide further details when available.
